With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can't bear children. In extreme shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother's best friend , and her soul makes a first step to healing.

A young boy is worried about what will happen to his body when he hears such expressions as "I'm tongue-tied," "don't give me any of your lip," and "I put my foot in my mouth."

"Emperor penguins often come together like a sports team. A tight huddle keeps them warm in their Antarctic homeland. Coping with the cold is a must for these birds. Their wings cannot fly them to milder climates. This children's title tells how emperor penguins manage life in the South Pole. This title includes: visuals that teach about animal group classification, photo labels, range maps and conservation status bars,
