Louisiana. Solomon Northup awoke in the middle of the night with his body trembling. Slowly, he realized that he was handcuffed in a dark room and his feet were chained to the floor. He managed to slip his hand into his pocket to look for his free papers that proved he was one of 400,000 free blacks in a nation where 2.5 million other African Americans were slaves. They were gone. This remarkable story follows Northup through his 12 years of bondage as a man kidnapped into slavery, enduring the hardships of slave life in Louisiana. But the tale also has a remarkable ending. Northup is rescued from his master's cotton plantation in the deep South by friends in New York. This is a compelling tale that looks into a little known slice of history, sure to rivet young readers and adults alike.

This report describes the Rural Transportation Initiative, begun in May 1999 by the U.S. Department of Transportation (DOT). The main objective of the initiative is to guarantee that rural areas and small communities gain the economic, social, environmental, and community benefits that the DOT programs provide. Transportation modes covered in the report include highway travel, air transportation, public transit, railroads, water transportation and pipelines.

by Curating Contemporary.

MMUCC s a guideline that presents a model minimum set of uniform variables or data elements for describing a motor vehicle traffic crash. The use of MMUCC data elements will generate data that can be employed to make more informed decisions which will lead to improvements in safety and at the national, State and local levels.
