Alchemy (from Arabic: al-k?miy?) is an ancient branch of natural philosophy, a philosophical and protoscientific tradition practiced throughout Europe, Africa, and Asia, originating in Greco-Roman Egypt in the first few centuries CE. Alchemists attempted to purify, mature, and perfect certain materials.

Alchemy - Wikipedia

Alchemy was born in ancient Egypt, where the word Khem was used in reference to the fertility of the flood plains around the Nile. Egyptian beliefs in life after death, and the mummification procedures they developed, probably gave rise to rudimentary chemical knowledge and a goal of immortality. By 332 BC, Alexander the Great had conquered Egypt.
