Product Information. In 1986, the idea that death metal and grindcore would ever impact popular culture was unimaginable. Initially circulated through a scattered tape-trading network of underground thrill-seekers, bands rose from every corner of the globe and death metal and grindcore spread faster than a pandemic plague of undead flesh-eaters. By 1994, the genre's most prominent labels had sold millions of

albums.

from small towns and suburbs to find its lasting place on the world stage. Combining personal accounts and in-depth research, the epic tale of Sweden's most lethal cultural export arrives in full enlightening detail. Starred review, Publishers Weekly. Book of the Year, Decibel Magazine. Original.

Decibel magazine is regarded as the best extreme music magazine around. Precious Metal gathers pieces from Decibel's most popular feature, the monthly "Hall of Fame" which documents the making of landmark metal albums via candid, hilarious, and fascinating interviews with every participating band member. Decibel's editor-in-chief Albert Mudrian, has selected and expanded the best of these features, creating a definitive collection of stories behind the greatest extreme metal albums of all time. Black Sabbath's Heaven and Hell \* Diamond Head's Lightning to the Nations \* Slayer's Reign in Blood \* Napalm Death's Scum \* Repulsion's Horrified \* Morbid Angel's Altars of Madness \* Obituary's Cause of Death \* Entombed's Left Hand Path \* Paradise Lost's Gothic \* Carcass' Necroticism- Descanting the Insalubrious \* Cannibal Corpse's Tomb of the Mutilated \* Eyehategod's Take as Needed for Pain \* Darkthrone's Transilvanian Hunger \* Kyuss's Welcome to Sky Valley \* Meshuggah's Destroy Erase Improve \* Monster Magnet's Dopes to Infinity \* At the Gates' Slaughter of the Soul \* Opeth's Orchid \* Down's NOLA \* Emperor's In the Nightside Eclipse \* Sleep's Jerusalem \* The Dillinger Escape Plan's Calculating Infinity \* Botch's We Are the Romans \* Converge's Jane Doe

Includes interviews with band members and fans, from countries ranging from the UK and US to Israel and Sweden, this book demonstrates the power and subtlety of an often surprising and misunderstood musical form. It draws on first-hand research to explore the global extreme metal scene.

Featuring a wealth of new interviews with the genre's most central figures, Black Metal: Evolution of the Cult offers the most comprehensive guide yet to the most controversial form of extreme metal. From the pioneers of the early '80s to its fiery rebirth in Scandinavia through to today's diverse groups, this epic analysis captures the movement's development in unparalleled depth.

In the early 1990s, Swedish death metal revolutionized the international music scene. Suddenly, the mild-mannered Scandinavian country found itself at the forefront of a new movement with worldwide impact thanks to bands such as Entombed, Dismember, and At the Gates. The birth of black metal drove the culture to even greater extremes, featuring a rawer, darker sound and non-ironic death-worship. Soon churches in both Norway and Sweden were aflame, and before long Satanism emerged as more than just an image. But how did it all start? Why did Sweden become a hotbed for such aggressive, nihilistic music? And who are the people and bands that brought it all about? Blood, Fire, Death: A Swedish Metal

Story recounts the evolution of the genre from the massive amplifier walls of 1970s rock, through the church-burning Satanic 1990s, to the diverse and paradoxical manifestations of the scene today. This book focuses on the phenomena that have propelled the scene forward in an evolution that has not only been musical, but aesthetic and ideological as well. This is a story about grotesque logos and icons that invoke death and darkness, but also a story of dedication, friendship, community, and a profound love for music.

Black metal juggernaut Desekration stand poised to record their forthcoming masterwork ... once David and Svart get a few more dudes to join the band. Book Two of The Death Metal Epic finds David Fosberg living his rock and roll fantasy. Which means drinking every day and sleeping on Svart's couch. His mom's couch. Svart lives at home. David has left Miami behind. Left the Bard behind. And joined forces with Svart, a brutish nekrowarrior who only listens to, like, Celtic Frost, Destruction, and Bathory. The early stuff. As Desekration start to record Infern0, David's bandmates rail on about the mystic power of something they call -The Goat Song.- And what they'll sacrifice to play it.

It is said to be the most frequently spoken (or typed) word on the planet, more common than an infant's first word ma or the ever-present beverage Coke. It was even the first word spoken on the moon. It is "OK"--the most ubiquitous and invisible of American expressions, one used countless times every day. Yet few of us know the hidden history of OK--how it was coined, what it stood for, and the amazing extent of its influence. Allan Metcalf, a renowned popular writer on language, here traces the evolution of America's most popular word, writing with brevity and wit, and ranging across American history with colorful portraits of the nooks and crannies in which OK survived and prospered. He describes how OK was born as a lame joke in a newspaper article in 1839--used as a supposedly humorous abbreviation for "oll korrekt" (ie, "all correct")--but should have died a quick death, as most clever coinages do. But OK was swept along in a nineteenth-century fad for abbreviations, was appropriated by a presidential campaign (one of the candidates being called "Old Kinderhook"), and finally was picked up by operators of the telegraph. Over the next century and a half, it established a firm toehold in the American lexicon, and eventually became embedded in pop culture, from the "I'm OK, You're OK" of 1970's transactional analysis, to Ned Flanders' absurd "Okeley Dokeley!" Indeed, OK became emblematic of a uniquely American attitude, and is one of our most successful global exports. "An appealing and informative history of OK." --Washington Post Book World "After reading Metcalf's book, it's easy to accept his claim that OK is 'America's greatest word.'" --Erin McKean, Boston Globe "Entertaininga treat for logophiles." --Kirkus Reviews "Metcalf makes you acutely aware of how ubiquitous and vital the word has become." --Jeremy McCarter, Newsweek

Combines hundreds of unseen early Hellhammer and Celtic Frost photos with a vast treasure trove of artwork and memorabilia. A substantial written component by Fischer details his upbringing on the outskirts of Zurich and the hardships and triumphs he faced bringing his groundbreaking death metal bands Hellhammer and Celtic Frost to reality. In addition, the book includes an introduction by Nocturno Culto of Norwegian black metal act Darkthrone and a foreword by noted British author Joel McIver.

“\* \* \* \* \*! The most incredible story in the history of music ... a heavyweight book.”—Kerrang! “An unusual combination of true crime journalism, rock and roll reporting and underground obsessiveness, Lords of Chaos turns into one of the more fascinating reads in a long time.”—Denver Post A narrative feature film based on this award-winning book has just gone into production.
