Barron's Regents Exams and Answers: Chemistry provides essential practice for students taking the Chemistry Regents, including actual recently administered exams and thorough answer explanations for all questions. All Regents test dates for 2020 have been canceled. Currently the State Education Department of New York has released tentative test dates for the 2021 Regents. The dates are set for January 26-29, 2021, June 15-25, 2021, and August 12-13th. This book features: Eight actual administered Regents Chemistry exams so students can get familiar with the test Thorough explanations for all answers Self-analysis charts to help identify strengths and weaknesses Test-taking techniques and strategies A detailed outline of all major topics tested on this exam A glossary of important terms to know for test day Looking for additional practice and review? Check out Barron's Regents Chemistry Power Pack two-volume set, which includes Let's Review Regents: Chemistry in addition to the Regents Exams and Answers: Chemistry book.

Teach your course your way with INTRODUCTORY CHEMISTRY: AN ACTIVE LEARNING APPROACH, 7th Edition. This modular, student-friendly resource allows you to tailor the order of chapters to accommodate your needs, not only by presenting topics so they never assume prior knowledge, but also by including any necessary preview or review information needed to learn that topic. The authors' question-and-answer presentation, which allows students to actively learn chemistry while studying an assignment, is reflected in three words of advice and encouragement repeated throughout the book: Learn It Now! This updated 7th edition leaves no students behind. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Designed for students in Nebo School District, this text covers the Utah State Core Curriculum for chemistry with few additional topics.

Barron's two-book Regents Chemistry Power Pack provides comprehensive review, actual administered exams, and practice questions to help students prepare for the Chemistry Regents exam. All Regents test dates for 2020 have been canceled. Currently the State Education Department of New York has released tentative test dates for the 2021 Regents. The dates are set for January 26-29, 2021, June 15-25, 2021, and August 12-13th. This edition includes: Regents Exams and Answers: Chemistry Eight actual administered Regents Chemistry exams so students can get familiar with the test Thorough explanations for all answers Self-analysis charts to help identify strengths and weaknesses Test-taking techniques and strategies A detailed outline of all major topics tested on this exam A glossary of important terms to know for test day Let's Review Regents: Chemistry Extensive review of all topics on the test Extra practice questions with answers A detailed introduction to the Regents Chemistry course and exam One actual, recently released, Regents Chemistry exam with an answer key The Power Pack includes two volumes for a savings of \$4.99.

Using guided inquiry with open-ended exploration where possible, the book's 20 investigations teach students about the unique properties and behavior of materials at the nanoscale—one-billionth of the size of a meter.

A solved-problem Outline for students with no high school chemistry background or a poor course in high school chemistry. All topics are presented at an elementary level to commensurate with the introductory course; simpler math is assumed & developed, a less intense approach to the basic concepts of chemistry, & a simpler manner of presentation. There are hundreds of solved & supplementary problems.

Hands-On Physical Science immerses students in the world of real-life chemists and physicists. Through engaging authentic learning experiences, students will engage in fascinating experiments while building STEM skills. This book is packed with activities that can easily be conducted in the classroom using everyday materials and includes everything teachers need to help students think critically and problem solve as they explore the fascinating world of physical science. From examining Newton's laws using sports video clips to studying energy through the design and building of roller coasters, students will not just learn about physical science—they will be scientists! Grades 6-8
