Small business owners should always create a Facebook page for public promotion of their businesses. It's also worth exploring a Facebook group that can facilitate a discussion among members and loosely promote your business, but a page should always be the first step for a business.

A Guide to Using Facebook for Business

“ If you are a business, visibly provide information on your Facebook page that mentions the expected time within which people should expect a reply...and stick to it. This way you set the right expectation and won ' t upset anyone if your time frame isn ' t what others expected to begin with, but will also build trust and credibility by addressing posts in a timely manner.

Facebook Etiquette: 19 Rules For Businesses Using Facebook

You also need to create a Facebook Business Page before you can start using paid marketing strategies on Facebook, including Facebook ads. So, the first step of mastering how to use Facebook for business is preparing your Facebook Page. Here ' s how: 1. Create your Facebook Business Page. Head to facebook.com/pages/create. You need to be logged into a Facebook personal account to get started, but your personal information will not appear on your new business page.
