GOD ON A HARLEY. by Joan Brady ? RELEASE DATE: Sept. 1, 1995. A slight and airy, albeit well-meaning, volume in the Bridges of Madison County mode: spirituality in the form of palatable, sugarcoated smarm. Christine Moore is a midlife clich , attempting to hide her misery behind a sarcastic and world-weary facade.

For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived.

At thirty-seven, Christine Moore had a world-class case of burnout: frustrating career, a few dead-end romances, and a less-than-perfect figure. Little did she know her life was about to change completely.... "Come out of the shadows, Christine. You've spent far too much time hiding in shadows." The man who spoke to her was gorgeous -- long sable hair, faded T-shirt, black motorcycle jacket -- all astride a 1340cc Harley-Davidson, mysteriously parked on a moonlit beach near her home. Christine was inexplicably drawn to this stranger -- who seemed to know everything about her -- and as a sweet serenity settled over her, she surrendered to his words: "We have a lot of work to do, but it won't feel like work. It will feel quite wonderful." So begins Christine's journey, a voyage of the spirit that frees her to appreciate each precious moment of life -- and reveals to her six wondrous precepts that lead to the deepest peace and fulfillment we can ever know. For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived. Need a lift?

In her wonderful, whimsical novel God on a Harley, Joan Brady displayed an innate talent for going straight to the heart of the way women feel. Now she takes us a giant step further, sharing her own deeply personal and ultimately jubilant voyage. This is her message of love, hope, and renewal for every woman who, for whatever reason, has never had a child. "I am about to take you on a journey. We set sail from the painful, frightened years and emerge into the calm beauty of awakening. Finally, we will cruise gracefully into a celebration of all the female joy that has been kept secret for so long." One day, after she had turned forty, Joan Brady realized she was on her own. No husband. No kids. She felt like someone had lobbed a hand grenade into her heart. At other people's baby showers, she thought she'd explode. The end of her childbearing years loomed like a tidal wave on the horizon, reminding her that she was not now, and never would be, a mother. She could sink, or she could swim. In characteristic style, Joan let herself hit bottom -- only to emerge incredibly joyous, bountiful, and awed by a sense of peace she could never have predicted. "Women who never actually give birth are all mothers, in some sense, to every child we encounter. We give birth to beauty, love, patience, creativity. We are the role models who support and believe in children's dreams because we support and believe in our own." Like having a long conversation with a very good friend, this is a letter of rapture and affirmation for all women who have not traveled the path to the delivery room, but have instead discovered a magical route of their own. A rare and wonderful gift that rejoices in being whole, female, and happy, this is Joan Brady's statement of celebration.

"Cautious, conservative Molly Driscoll still works at the same Jersey shore hospital in which she completed her nurses training more than a decade ago. When her now-ex-husband, Jason, is diagnosed with terminal cancer, Molly tries to convince him to undergo a recommended course of chemotherapy. In spite of their past difficulties, Molly volunteers to take on something that is equally daunting in exchange for her ex-husband's agreement to give chemotherapy a try. She quits her old familiar job, becomes a Travel Nurse, and trades in her nice, safe Honda Civic for a Harley Davidson motorcycle. Her assignments take her into the blizzards and biker-bars of New England, the genteel beauty and smoky pool-halls of South Carolina, and the carnival atmosphere of a busy walk-in clinic inKey West as well as to some very surprising and unexplored regions of her own heart. Along the way, Molly experiences a terrifying ordeal with a stranger, tender moments with patients who leave lastingimpressions on her, the possibility of a would-be-stalker,and a fellow Travel Nurse who claims to be an angel. In spite of all her old self-doubts, Molly grows in confidence, proving that though she may not be very good at driving a motorcycle, she is quite good at surviving and maybe even resilient enough to loveagain."

"The most powerful spiritual healer, fixer, teacher on the planet." —Oprah Winfrey In this companion volume to her bestselling book Acts of Faith, bestselling author and star of “Iyanla: Fix My Life” discusses the “valleys” that cause stress and imbalance for women and explains how women can cleanse their minds and promote a healthy foundation for living in the modern world. A Note from Iyanla Vanzant Beloved friend, When this little book was first published many years ago, it became a beacon of light for many people who found themselves time and time again in one valley or another. Valleys are nothing new for any of us. Some of you may be in a valley right now, or, since you never know what's around the corner, you may be on the brink of tottering into yet another valley. Or maybe you've just survived a valley that you swear you'll never revisit—but guess what? That's precisely the valley you'll probably see again. And again. Being in a valley can be a lonely and bewildering experience. This book was written to help you feel less lonely by reminding you that you really aren't ever alone since God is always by your side, but more important, you are always by your own side. No matter how dire the situation may seem, no matter how dark and bleak the valley may be, you have all you need within you to survive the valley—any valley. Even though you may not know how you got into the valley in the first place, you do know, deep inside yourself, how to get through and out and free. You just need a little faith in yourself and a little guidance to find that faith within yourself. When you are at your wit's end, take this little book and let it guide you toward the ever-present but often elusive light at the end of the tunnel. Faith in the Valley is designed to help you find the light when you need it most—when you're in that damn tunnel. When you're most confused and in the dark and clueless as to how you got there (again!) and when you're trying to figure out not just how to get out, but stay out. For good. Faith in the Valley has helped so many through so much that we felt it only fitting to issue this lovely gift edition to acknowledge the special place it holds in many hearts. Please share it with a friend who has served as your beacon in the past, or offer it to yourself as a reminder of the strength and wisdom you possess and can offer to others. Iyanla

A couple's separate near-death experiences bring them closer to God. Chad survived an ATV accident that nearly killed him in 2000, and he lost everything. Three years later, he found Emily, and they married in 2003. Told they would never be able to have children, they welcomed their son, Keegan, a miracle baby, to the world in 2005. Life was beautiful, but a storm was on the horizon. In 2008, Emily nearly died from a ruptured colon. Together, their experiences brought them closer to each other, made them better parents, and—most importantly—brought them closer to God.

Greek mythology meets the Kardashians in Emily Roberson's Lifestyles of Gods and Monsters, a fresh, fast-paced debut young adult novel about celebrity culture, family dynamics, and finding love amidst it all. Sixteen-year-old Ariadne's whole life is curated and shared with the world. Her royal family's entertainment empire is beloved by the tabloids, all over social media, and the hottest thing on television. The biggest moneymaker? The Labyrinth Contest, a TV extravaganza in which Ariadne leads fourteen teens into a maze to kill a monster. To win means endless glory; to lose means death. In ten seasons, no one has ever won. When the gorgeous, mysterious Theseus arrives at the competition and asks Ariadne to help him to victory, she doesn't expect to fall for him. He might be acting interested in her just to boost ratings. Their chemistry is undeniable, though, and she can help him survive. If he wins, the contest would end for good. But if she helps him, she doesn't just endanger her family's empire—the monster would have to die. And for Ariadne, his life might be the only one worth saving. Ariadne's every move is watched by the public and predestined by the gods, so how can she find a way to forge her own destiny and save the people she loves?
