The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. *Roaring Back* traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the

perseverance of the winner in the mirror. “Sampson admirably details all the highs and lows.”
—Jim Nantz, CBS Sports

Inside the secret world of tennis court-siding. Brad Hutchins has been living a young bloke’s dream: getting paid to travel the world and watch sport. Sitting court-side on the pro tennis circuit, he uses his phone to transmit results to a gambling syndicate, taking advantage of the time delay in TV broadcasts to beat other online punters to the big pay-offs. His stories from life on the road capture the adventures and mishaps that come with following the world’s best tennis players and partying in a new country every week. But like card counters in casinos, court-siders are despised by the tennis establishment. The more time Brad spends at tournaments, the harder it becomes for him to evade the security guards who are hell-bent on ejecting him from matches. The resulting cat-and-mouse chases will appeal to anyone who loves the roguish spirit of *The Wolf of Wall Street* or *Catch Me If You Can*. Brad Hutchins spent his youth playing sports and travelling the world, before finding his dream job as a tennis trader. Born and raised in Brisbane, he has lived and worked in the UK and Canada, and now teaches primary school students on the Gold Coast. *Game, Set, Cash!* is his first book.

Statistics for Evidence-Based Practice in Nursing, Second Edition presents statistics in a readable, user-friendly manner for both graduate students and the professional nurse.

Content.

The Place of Dance is written for the general reader as well as for dancers. It reminds us that dancing is our nature, available to all as well as refined for the stage. Andrea Olsen is an internationally known choreographer and educator who combines the science of body with creative practice. This workbook integrates experiential anatomy with the process of moving and dancing, with a particular focus on the creative journey involved in choreographing, improvising, and performing for the stage. Each of the chapters, or “days,” introduces a particular theme and features a dance photograph, information on the topic, movement and writing investigations, personal anecdotes, and studio notes from professional artists and educators for further insight. The third in a trilogy of works about the body, including *Bodystories: A Guide to Experiential Anatomy* and *Body and Earth: An Experiential Guide*, *The Place of Dance* will help each reader understand his/her dancing body through somatic work, create a dance, and have a full journal clarifying aesthetic views on his or her practice. It is well suited for anyone interested in engaging embodied intelligence and living more consciously.

After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can't bear children. In extreme shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother's best friend , and her soul makes a first step to healing.

and a reclusive young librarian from New York City come together amid the holiday magic of a glittering city, in a tender story of love, hope, and renewal. Reprint. (A Hallmark Hall of Fame presentation, releasing Winter 2005, directed by Dick Lowry, starring Tate Donovan, Michael Mitchell, Courtney Jines, & Margot Martindale) (General Fiction)

Isaac McCaslin is obsessed with hunting down Old Ben, a mythical bear that wreaks havoc on the forest. After this feat is accomplished, Isaac struggles with his relationship to nature and to the land, which is complicated when he inherits a large plantation in Yoknapatawapha County. "The Bear" is included in William Faulkner's novel, *Go Down, Moses*. Although primarily known for his novels, Faulkner wrote in a variety of formats, including plays, poetry, essays, screenplays, and short stories, many of which are highly acclaimed and anthologized. Like his novels, many of Faulkner's short stories are set in fictional Yoknapatawapha County, a setting inspired by Lafayette County, where Faulkner spent most of his life. His first short story collection, *These 13* (1931), includes many of his most frequently anthologized stories, including "A Rose for Emily", "Red Leaves" and "That Evening Sun." HarperCollins brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperCollins short-stories collection to build your digital library.
