This comprehensive and engaging text, developed in cooperation with the IB, follows the new curriculum for first assessment in 2022. With accessible, engaging lessons students will actively relate economics to real-world issues and the global economy. The international examples and case studies encourage students to analyse economics in terms of present-day challenges and concerns. Conceptual links are provided to help students understand the over-arching big questions that relate economics to the multi-faceted challenges of the world economy including how it works and changes over time.

Through inquiry-based tasks and links to TOK and ATL activities students will gain a deep understanding of economics. Practice activities will develop the skills required to succeed in the IB assessment including exam-style questions and data response questions. Clear explanations will help students achieve assessment success. About the Series: Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.

Directly linked to Oxford's bestselling DP Economics resources, this new Course Preparation resource thoroughly prepares students to meet the demands of IB Diploma Programme Economics. Ideal for students who have studied non-IB courses at pre-16 level, the text introduces learners to the IB approach, terminology and skills.

The new edition of this bestselling course book has been specifically designed to support the student through the IB Diploma Programme in Economics. Written by experienced authors and examiners for the 2011 syllabus content, this book provides students with materials and activities that will help them towards success in the course.

It also offers advice and guidance to help students address the new quantitative elements of the syllabus. In addition the book provides activities integrated with study and learning approaches, TOK, and the IB learner profile to ensure that students are fully rounded participants in the programme. Examples, features, and case studies drawn from around the world will also encourage students to develop an international perspective. •Written by two IB Economics workshop leaders who have worked on the Economics.

This comprehensive new book, available as both print and e-book, has been written by the highly experienced author, Ellie Tragakes, and has been designed for class use and independent study. The text includes in-depth analysis of all topics included in the IB syllabus at both Standard and Higher Levels. It uses accessible language with storytelling for students to follow, and efficiently presents and analyses topics to optimise learning. The provision of questions throughout each chapter is intended to provoke discussion and test students' understanding. There are also comprehensive end-of-chapter questions. The print book includes an accompanying CD-ROM that provides model answers to select review questions and case studies with exam-style data-response questions, answers and evaluation. These resources have been developed in association

with the teaching community. These e-learning materials are also included on the e-book version for an all-in-one solution.

Arranged in four sections, provides review exercises and past examination questions for topics in microeconomics, macroeconomics, interantional economics, and development economics.

Completely updated for the 2011 syllabus at SL and HL and written by an experienced IB Economics teacher, this comprehensive study tool supports top achievement. With full coverage of the new quantitative element at HL and an expanded glossary, past exam questions build confidence and the focused approach distinctly strengthens comprehension.
