PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection.

From the popular blogger behind Simply Scratch comes a debut cookbook of easy and accessible family recipes – the new bible for cooking with whole foods. For Laurie McNamara, growing up on a farm in the country had major perks: her mother cooked with vegetables from the family garden, they collected fresh eggs from the chicken coop, and absolutely everything—from ketchup to casseroles—was made 100 percent from scratch, with whole foods. When McNamara moved away from home, though, she found herself too busy to prepare from-scratch meals, between working full time and raising two kids. Like most Americans, she relied on boxed brownie mix, canned soup, bottled dressings, and frozen dinners to make home cooking quicker and cheaper. But she soon learned that these so-called shortcuts were in fact both more expensive and light-years less healthy than simply making everything herself. Eventually, she'd had enough and vowed to remake her kitchen into a from-scratch kitchen. Now, five years later, McNamara has helped hundreds of thousands of home cooks prepare from-scratch meals with whole-food ingredients through her blog, Simply Scratch. McNamara's highly anticipated debut cookbook, Simply Scratch, brings her home-cooking know-how to the nation, with 120 wholesome, tasty recipes along with stunning photography, entertaining anecdotes, and personal musings. This book offers easy recipes for delectable concoctions such as Buckwheat Pancakes, Veggie Pesto Pizza, Creamy Roasted Tomato Soup, and Fudy Chocolate Toffee-Topped Brownies. Simply Scratch will be the must-have bible to cooking beyond the box and can. Featuring a down-to-earth approach and family recipes that use everyday ingredients, Simply Scratch proves cooking from scratch can be affordable, simple, fun, and—of course—absolutely delicious.

The worldwide bestseller – 1/4 million copies sold 'Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted.' (Amazon customer) 'Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a MUST read.' (Amazon customer) 'Informative, well-written and well presented. Coffee table and reference book – a winner' (Amazon customer) 'Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country – from Bolivia to Zambia – he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

NEW YORK TIMES BESTSELLER “Wise and funny. . . . The Lorrie Moore short story, or the Tina Fey memoir, of cleaning tutorials.”—Dwight Garner, The New York Times “Thrillingly titled. . . . For a generation overwhelmed not just by dust bunnies, but by bong water on the carpet, pee stains on the ceiling and vomit seemingly everywhere, Jolie Kerr dispenses cleaning advice free of judgment. . . . A Mrs. Beeton for the postcollege set.” —Penelope Green, The New York Times “Jolie Kerr really cuts through the grease and grime with her new book. I do what she tells me to do.” —Amy Sedaris The author of the hit column “Ask a Clean Person” offers a hilarious and practical guide to cleaning up life's little emergencies Life is filled with spills, odors, and those oh-so embarrassing stains you just can't tell your parents about. And let's be honest: no one is going to ask Martha Stewart what to do when your boyfriend barfs in your handbag.

Thankfully, Jolie Kerr has both staggering cleaning knowledge and a sense of humor. With signature sass and straight talk, Jolie takes on questions ranging from the basic—how do I use a mop? —to the esoteric—what should I do when bottles of homebrewed ginger beer explode in my kitchen? My Boyfriend Barfed in My Handbag proves that even the most nightmarish cleaning conundrums can be solved with a smile, the right supplies, and a little music.
