Paul Feig should know what to expect from Paul Feig's memoir *Kick Me: Adventures in Adolescence*. And maybe that's the problem. And maybe that's the problem. Feig is certainly good at self-deprecation, and equally as good at getting to the heart of all of the things that make being a teenager so horribly difficult.

## **Kick Me: Adventures in Adolescence by Paul Feig**

Kick Me is like an unofficial prequel to *Freaks and Geeks*. If anything, Paul Feig's real stories are actually more harrowing than what his fictional characters went through.” —Ira Glass, host of *This American Life* “I love Paul Feig's sense of humor—in a platonic way. This book is hilarious.

Kick Me was engrossing and I had trouble putting it down. There were times when I was laughing, times when I was ready to cry and times when I wanted to kill some of the people for how they treated Paul. I could relate to some of his 'adventures' and since I've just recently come out of high school, I can very vividly recall my own.

Memoirs from TV writers sound just as painful, but thankfully Paul Feig's *Kick Me – Adventures in Adolescence* pays tribute to the maxim that brevity is the soul of wit. If keeping to the point weren't enough, he also includes enough pratfalls, empathetic flashbacks and good old schadenfreude to make sure things stays interesting.

## **KICK ME: ADVENTURES IN ADOLESCENCE | EW.com**

The creator of the short-lived but highly praised TV series *Freaks and Geeks* takes us on an enjoyable tour through some of the more vivid scenes of tortured 1970s adolescence in the American suburban landscape.. Gifted with a remarkable ability to remember the specific and singular torments of youth, Feig presents a collection of essays about a smorgasbord of incidents that should be familiar ...
