This is the second book I've read by Linda Kage - I really enjoyed The Price of a Kiss, so I decided to try this book out since it was on sale at amazon. She has a distinct voice as an author and while I did have some issues with the story, it wasn't a bad read.

I don't care what my cousin says; I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally change my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.

What's the one thing you shouldn't do when your boss is your ruthless evil widowed stepmother who hates your guts more than anyone? Kiss the man she's interested in. So what does Kaitlynn Judge find herself doing? Yep, she kisses the one man her stepmother currently wants, who also happens to be the CEO of the company where she works. Can we say doomed? After the death of her father, Kaitlynn's life has been stuck in a rut. But that begins to change after meeting a dashing stranger during the office Halloween party. Now she has to navigate vengeful stepmothers, meddling stepsiblings, and gorgeous guys in hot pursuit to reach her happily ever after. While making a detour from the fantasy aspect, this contemporary take on the Cinderella story continues to cling to a few of our favorite traditions. You'll still find the unmerited oppression along with fleeing women, missing shoes, mouse companions, magic wands, pumpkin-like rides to the big bash, and so much more. So rest assured, it's all familiar and yet quirkily different.

Junior in college. Star athlete. Constant attention from the opposite sex. On this campus, I'm worshiped. While seven hundred miles away, back in my hometown, I'm still trailer park trash, child of the town tramp, and older sibling to three kids who are counting on me to keep my shit together so I can take them away from the same crappy life I grew up in. These two opposing sides of myself never mix until one person gets a glimpse of the true me. I never expected to connect with anyone like this or want more beyond one night. This may be the real deal. Problem is Dr. Kavanagh's my literature professor. If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn well better be, because I can only resist so much.

*Contemporary Adult Romance***some explicitness**A PAST TO PLAGUE HIM...When Reed Walker's sister is raped, memories of his miserable childhood haunt Reed and interfere with his perfectly structured life. To add to the chaos, just when dating becomes the last thing on his mind, Sophia Eschell, the very woman he's been dreaming about for the past three years, barrels into his life.AND A WOMAN TO HEAL HIM...After hooking up with too many troubled men, Sophia is determined to find a normal, average guy sans baggage. She turns her attention to Reed, only to discover he has more issues than anyone. But if he can learn to open up to her, can she honestly reject him or will she...kiss it all better?

Once upon a time, there was this pampered rich girl who was kind of full of herself. She really only cared about appearances and hiding all her dark, ugly secrets under the guise of an opinionated snob. But then Eva Mercer got pregnant, shot by a psycho, and kicked out of the only home she knew. Now she's broke, unemployed, and has to start anew with a newborn to raise. But how? On the other side of town, sexy, tattooed orphan, Patrick Ryan, can't get a break. He's out on parole for defending the last damsel in distress while trying to help her support her child, but all he wants is to find his one true love. He knows this woman by scent, smile, and laugh, but he's never actually met her. He doesn't even know her name. He just knows she's the key to fixing everything. One kind of hero can save you from physical harm. Another can rescue you from a different kind of doom. To reach their dreams, Eva and Pick can save each other. But first, they must open their hearts and learn how to trust.

Let your hair down, Caroline, they said. It'll be fun, they said. I know I've closed myself off in a major way in the past year, ever since "the incident" where I messed up my life completely. It's past time I try to live again or just give up completely. But this is quite possibly the craziest thing I've ever done. In a last ditch effort to invigorate myself, I'm standing outside Oren Tenning's bedroom, I just peeled off the sexiest pair of underwear I own, and my hand is already raised to knock. My brother would disown me for doing anything with his best friend, and he'd probably kill Oren. But if I play my cards right, no one will ever know about this. Not even Ten. Maybe after tonight, I'll finally get over this stupid, irrational crush I hate having on the biggest jerk I've ever met. Or maybe I'll just end up falling for him even harder. Maybe I'll discover there's so much more to my crude, carefree hunk than meets the eye.

Don't you just hate it when someone destroys all your carefully made plans? I mean, I had goals: college to graduate in one semester, a future I was working hard to reach, and an image of myself I wanted the world to see. My life was stacked into these precisely placed blocks. But then Colton Gamble came along

Online Library Kiss It Better Linda Kage

and knocked them all askew. I hated how he messed everything up, how he could hog all my attention whenever he was around, how he made my pulse quicken—but only because he ticked me off...not because I was attracted to him. Oh! And I hated how he knew how attractive he was too, the shallow, full of himself, doesn't take no for an answer, too flirty, too cocky, extremely irritating jerk. The boy had all the qualities that turned me off. Or so I thought. One night he wasn't quite the brainless, overconfident jerk I assumed he always was. One night, he took care of me when I was at my lowest. He opened up to me and made me open up to him. Now I'm learning maybe he's not what I first thought he was. And maybe I'M not what I first thought I was. Maybe it's okay to rearrange a couple of my perfectly set blocks. Maybe, just maybe, I'll stop worrying about what I'm afraid everyone else will think and finally reach for something I really want. It's possible some of my plans need to be destroyed, and Colton Gamble is exactly the kind of mess I need in my life. What do you think? Should I give him a try? Desperately seeking your advice, Julianna Radcliffe

After I caught my boyfriend cheating, I tried to be mature about it with an amicable split. But he took his retaliation too far, and I have officially had enough. No more Miss Nice Haven. No one is allowed to lie to me, betray, embarrass, and devastate me, fill me with self-doubt, or put my future at risk, and expect to get away with it. He is going to feel my wrath. Enter Wick Webster, his archenemy. Nothing would provoke my ex more than to see me moving on with the one guy he hates most, so that's exactly what I plan to do. The only hitch in my brilliant scheme is Wick himself. He's just gotta be all love-not-war and peace-is-the-only-way. He's more concerned about helping me heal than seeking my sweet revenge. And what the hell is it about his soothing presence and yummy looks that calls to me until I forget how much pain I'm in? He's making it awfully hard to use and abuse him for my malicious means. The damn guy is making me fall for him.

Here's the same old "girl posing as a boy" story but with a rock-n-roll twist. Remy Curran dreams of one day being in a band, except the group she wants to join refuses to hire a girl drummer. So, she auditions as a guy...and makes the cut. Becoming "Sticks," a member of Non-Castrato, isn't quite what she dreamed it would be, though. She spends most of her time keeping up the subterfuge and learning how to walk, talk, act, and drink like a man. But what's even harder to deal with is acting oblivious when the band's heartthrob lead singer, Asher Hart, treats her like one of the guys and not a woman. She never imagined he'd be so much more than a pretty face with a nice voice. But he's better than perfect. He's perfect for her. When love and lies combine, Remy must keep up the act or lose everything. But who knew lying to reach one dream could prevent you from attaining an even bigger dream?

Online Library Kiss It Better Linda Kage

Three things in my life were fact. I needed Sarah to survive. I needed sex to remain sane. And I could never mix sex with Sarah. I just knew—deep in my marrow—that if I did, I'd somehow lose her. All my deepest darkest secrets would crack open, bleed out, and ruin everything between us. I wouldn't unleash the shit inside me on my worst enemy, let alone her. So she stayed strictly in the friend zone. People probably thought I never went there with her because of her cerebral palsy, but f*ck them. She knew she was the most important person in my world, and I wasn't about to risk hurting our relationship just to make my c*ck happy. Until the moment she begged me to take her virginity. Now it's all about to hit the fan, because how the hell do you resist the one person forbidden to you when she says please? --Brandt Gamble
