League of Denial: The NFL's Concussion Crisis | Watch ...

In a fast-paced narrative that moves between the NFL trenches, America's research labs and the boardrooms where the NFL went to war against science, League of Denial examines how the league used its power and resources to attack independent scientists and elevate its own flawed research -- a campaign with echoes of Big Tobacco's fight to deny the connection between smoking and lung cancer. It chronicles the tragic fates of players like Hall of Fame Pittsburgh Steelers center Mike Webster ...

League of Denial is a 2013 book, initially broadcast as a documentary film, about traumatic brain injury in the National Football League (NFL), particularly concussions and chronic traumatic encephalopathy (CTE). The documentary, entitled League of Denial: The NFL's Concussion Crisis, was produced by Frontline and broadcast on PBS.

League of Denial - Wikipedia

A fairly explosive investigation of the NFL ' s concussion crisis, League of Denial is comprehensive and well-researched expos é of a problem that the NFL knew about and tried to cover up. Football is a violent sport, full of thousands on " mini-collisions " and is stands to reason that this would have an effect on the men who played.

The documentary, entitled League of Denial: The NFL's Concussion Crisis, was produced by Frontline and broadcast on PBS. The book was written by ESPN reporters Mark Fainaru-Wada and Steve Fainaru. The book and film devote significant attention to the story of Mike Webster and his football-related b

League of Denial - Wikipedia

The first section of League of Denial alternates between Webster ' s tragic post-football life and specific, serious concussions sustained by NFL players such as Merril Hoge, Al Toon, Troy Aikman, and Steve Young during the 1990s. Widely considered one of the finest offensive linemen in NFL history, Webster was a key member of the Pittsburgh Steelers dynasty that won the team four Super Bowl titles during the 1970s.

Review: 'League of Denial' tackles NFL's concussion issue ...

League of Denial: The NFL ' s Concussion Crisis is a two-hour documentary collaboration between Frontline and journalists Steve Fainaru and Mark Fainaru-Wada of ESPN, who authored a similarly titled book on the same subject that was published this past fall to equal parts fanfare and controversy. It is a compelling and often distressing look at the repercussions of every hard hit taken on the field in the name of football, and how the National Football League may have attempted to hide the ...
