Stanley Tookie Williams III was one of the original founders and leaders of the Crips gang in Los Angeles, California. In 1971, Williams and Raymond Washington formed an alliance establishing the Crips as the first major African-American street gang in South Central Los Angeles. Williams became the de facto leader and the prominent crime boss in South Central in the 1970s. In 1979, Williams was convicted for the murder of four people during two robberies, and was sentenced to death. The highly p

The author's account of his life in San Quentin State Prison in California where he has lived in a small cell on death row for sixteen years because of a murder conviction.

Williams, the cofounder of the Crips gang and a nominee for both the Nobel Peace Prize and the Nobel Prize in Literature, became an anti-gang crusader before he was executed in December 2005. In this work he debunked urban myths about prison life and challenged young people to choose the right path. Selected for the Young Adult Library Services Association's Popular Paperbacks for Young Adults list.

A gripping tale of personal revolution by a man who went from Crips co-founder to Nobel Peace Prize nominee, author, and antigang activist When his L.A. neighborhood was threatened by gangbangers, Stanley Tookie Williams and a friend formed the Crips, but what began as protection became worse than the original gangs. From deadly street fights with their rivals to drive-by shootings and stealing cars, the Crips' influence -- and Tookie's reputation -- began to spread across L.A. Soon he was regularly under police surveillance, and, as a result, was arrested often, though always released because the charges did not stick. But in 1981, Tookie was convicted of murdering four people and was sent to death row at San Quentin in Marin County, California. Tookie maintained his innocence and began to work in earnest to prevent others from following his path. Whether he was creating nationwide peace protocols, discouraging adolescents from joining gangs, or writing books, Tookie worked tirelessly for the rest of his life to end gang violence. Even after his death, his legacy continues, supported by such individuals as Archbishop Desmond Tutu, Snoop Dogg, Jesse Jackson, and many more. This posthumous edition of Blue Rage, Black Redemption features a foreword by Tavis Smiley and an epilogue by Barbara Becnel, which details not only the influence of Tookie's activism but also her eyewitness account of his December 2005 execution, and the inquest that followed. By turns frightening and enlightening, Blue Rage, Black Redemption is a testament to the strength of the human spirit and an invaluable lesson in how rage can be turned into redemption.

A founder of the Crips in Los Angeles introduces kids to the dangers of belonging to a gang.

Gangs often deal drugs and abuse them. Little kids get involved early. Tookie gives an encouraging and helpful message that goes beyond "Just say no."

Argues against joining gangs because such groups hurt people and neighborhoods.

Discusses the violence that can occur when gangs have guns.

The co-founder of the Crips tells how gang members abuse the power they have to hurt others and ultimately hurt themselves.

A founder of the Crips introduces kids to the way gangs operate, focusing particularly on the powerful influence of "bad" friends.
