Behold the Many is the eerily beautiful story of three young sisters, Anah, Aki, and Leah. In 1913, they are sent away from their family for treatment for tuberculosis to an orphanage in Hawaii's Kalihi Valley. Of the three, two will die there, in spite of the nuns' best efforts to save them, and only Anah, the eldest, will grow to adulthood. But the ghosts of the dead children are afraid to leave the grounds of St. Joseph's, which is the only place they have known as home, and as Anah prepares to begin married life away from the orphanage, these ghost children grow angry. Desperate for the love of this girl who has communicated with them since her childhood, jealous of her ability to live in the physical world, and terrified of losing her, the ghosts are determined to thwart Anah's happiness. One of them places a curse on her that will reverberate through her future and that of her new family. As Anah struggles to appease the dead and to quiet her own guilt for living, it becomes apparent that only through one of her own daughters can redemption be attained. Poignant, lyrical, and utterly compelling, Behold the Many is a stunning new novel from the critically acclaimed author Lois-Ann Yamanaka.

The death of his mother leaves thirteen-year-old Ivah, a native of Hawaii, in charge of his uncontrollable brother, Blu, whose loneliness has made him vulnerable to an insidious relationship. Reprint.

Her name is Lovey Nariyoshi, and her Hawai'i is not the one of leis, pineapple, and Magnum P.I. In the blue collar town of Hilo, on the Big Island, Lovey and her eccentric Japanese-American family are at the margins of poverty, in the midst of a tropical paradise. With her endearing, effeminate best friend Jerry, Lovey suffers schoolyard bullies, class warfare, Singer sewing classes, and the surprisingly painful work of picking on a macadamia nut plantation, all while trying to find an identity of her own. At once a biting funny satire of haole happiness and a moving meditation on what is

real, if ugly at times, but true, *Wild Meat and the Bully Burgers* crackles with the language of pidgin--Hawai'i Creole English--distinguishing one of the most vibrant voices in contemporary culture. Stories from this enduring novel have been adapted into the film *Fishbowl*, by groundbreaking director Kayo Hatta.

You can always count on a crowd outside *Heads by Harry*, the Yagyuu family's taxidermy shop in Hilo, where the regulars gather every day to drink beer, eat smoked meat, and pontificate into the pau hana hours. But above the shop, where the family lives, life isn't so predictable. Toni Yagyuu, the middle child, has enough on her hands dealing with her budding diva of a little sister. But it is the men in her life that really have her running in circles: a flamboyant older brother who wants to be a hairdresser, a stubborn father who refuses to accept her into the family business, and the Santos brothers--two pig-hunting, ex-high school football players who don't know what to think of their headstrong, outspoken neighbor.

Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Left orphaned and physically flawed, young Kira faces a frightening, uncertain future. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in *THE GIVER*, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira's plight and will long ponder her haunting world and the hope for the future.

Anastasia's tenth year has some good things, like falling in love and really getting to know her grandmother, and some bad things, like finding out about an impending baby brother.
