The PRINCE2 Agile guide supports a new qualification which is being offered as an extension for those who already hold a PRINCE2 Practitioner qualification. PRINCE2 Agile is the most up-to-date and relevant view of agile project management methodologies and the only framework covering a wide range of agile concepts, including SCRUM, Kanban and Lean Startup. Key features: PRINCE2 Agile provides guidance on tailoring PRINCE2 in an agile context and covers: How to tailor the integrated set of PRINCE2 principles, themes and processes How to produce the PRINCE2 management products How to map the common agile roles to the PRINCE2 project management team structure How to incorporate the fundamental agile behaviours, concepts and techniques into PRINCE2 The strength of PRINCE2 lies in the areas of project direction and project management.

PRINCE2 is firmly established as the world's most practiced method for project management and is globally recognized for delivering successful projects. The updated 2017 guidance, its first since 2009, places a strong emphasis on the scalability and flexibility of the method and on how best to tailor it to the complexity and specific requirements of a project. The best practice represented by the PRINCE2 method is supported by a scheme that offers three levels of certification: Foundation, Practitioner and Professional. The PRINCE2 method comprises of seven themes, principles, and processes and equips practitioners with the skills and knowledge to manage projects in a wide range of environments.

Everything you need to pass the PRINCE2 with flying colors The PRINCE2 Study Guide, Second Edition, offers comprehensive preparation for the latest PRINCE2 exam. Covering 100 percent of the exam objectives, this guide provides invaluable guidance that will help you master both the material and its applications; indeed, a practice-centered approach helps you “learn by doing” to help you internalize PRINCE2 concepts on a deeper level. Although the exam is heavily focused on detailed business process, this guide's accessible writing and real-world approach make learning fun. Each chapter poses a common project challenge, and walks you through the solution based on essential PRINCE2 principles. A year of FREE access to electronic study aids allows you to study anywhere, at any time, and expert instruction throughout breaks complex topics down into easily-digestible concepts. The PRINCE2 exam is challenging, but thorough preparation is your best defense. Conceptual knowledge is important, but it isn't enough—knowledge is only useful if you can apply it. This book is designed as your personal PRINCE2 coach: Master 100 percent of the PRINCE2 exam objectives Apply your knowledge to real-world workplace scenarios Test your understanding with challenging review questions Access sample questions, electronic flashcards, and other study aids PRINCE2 is globally recognized as one of the premier project management credentials; while less expansive than the PMP, the PRINCE2 is more intense and tightly focused on detailed business processes. Companies around the world are in need of qualified project management professionals to optimize processes and boost organizational performance—and the PRINCE2 certification puts you on the map as a validated professional. If you're ready to take on your next challenge, the PRINCE2 Study Guide, Second Edition, is your ultimate companion for complete preparation.

There are many publications on PRINCE2. Most of these publications describe the theory of PRINCE2. This book however deals with a practical approach for formal reports: how it can be achieved that PRINCE2 works better in practice? The existing PRINCE2 report templates cannot be used easily. Of course the process approach in PRINCE2 remains viable, but in this book the PRINCE2 documents are the key. The reader gets a practical help for implementing PRINCE2. This helps project managers and project executives to manage and control in an efficient manner.

The PRINCE2 Foundation Certification is the first of two PRINCE2 qualifications required to turn into a Registered PRINCE2 Practitioner. The PRINCE2 Foundation examination is meant to gauge whether an applicant would most likely go about as an educated member regarding a project management crew utilizing the PRINCE2 philosophy inside a task domain supporting PRINCE2. The Questions and Answers in this book will prepare you to score very high in the PRINCE2 Foundation Certification Examinations.

ITIL Practitioner Guidance is the essential reference text which accompanies the ITIL Practitioner qualification. Fully integrated with the ITIL Practitioner syllabus, this publication is also a practical guide that helps IT service management (ITSM) professionals turn ITIL theory into practice through case studies, worksheets, templates and scenarios. The book assumes knowledge of ITIL and ITSM up to ITIL Foundation level, and begins with a discussion of the guiding principles of ITSM. It goes on to explain how these guiding principles are essential for ITSM and how they relate to philosophies, frameworks and methodologies such as DevOps, Lean, Agile etc. The publication shows how following the CSI (continual service improvement) approach, and how the core skills of organizational change management, communication, metrics and measurement, can underpin successful ITSM improvement initiatives.

Many organizations profit hugely by utilizing a Project Management Office (PMO); it means they achieve benefits from standardizing and following project management policies, processes, and methods. However, building an effective PMO is a complex process; it requires clear vision and strong leadership so that, over time, it will become the source for guidance, documentation, and metrics related to the practices involved in managing and implementing projects. Leading Successful PMOs will guide all project based organizations, and project managers who contribute to and benefit from a PMO, towards maximizing their project success. In it, Peter Taylor outlines the basics of setting up a PMO and clearly explains how to ensure it will do exactly what you need it to do - the right things, in the right way, in the right order, with the right team.

PRINCE2 (Projects in Controlled Environments) is a structured method for effective project management. This publication is a guide for those intending to take the UKAS/APM Group PRINCE2 Foundation and Practitioner examinations, and also provides advice for those taking the APM Group Practitioner Re-Registration examination. It contains examples of multiple choice questions and specimen answers to questions about typical project management situations, and supersedes the 2004 ed. (ISBN 0113309643).
