Python Programming for the Absolute  
Beginner, Second ...

It is the next significant concept of python programming for absolute beginners. In python, decision statements are used to execute the block in a program. Execution depends upon the accuracy of

# Download Free Python Programming For The

Absolute Beginner Michael  
Dawson  
conditions which means if the  
condition is true then the block will be  
executed and if the block is false then  
it will not be executed.
