The Catholic Bible Study Handbook by Jerome Kodell. OSB. is a handy tool for those who want to begin and continue their study of the Bible. Topics include how the Bible came to be written, a brief history of biblical times along with the geography of Palestine, the Jewish calendar and feasts, summaries of each book of the Bible, tips for personal and group study, as well as guidance in praying with the Bible.

Silverberg returns to the world of his greatest triumph - Majipoor - to tell the thrilling story of a young man's quest into the unknown! For young Prince Harpirias, the journey into the tundra beyond Majipoor might as well be a death sentence. But it is the only way to escape his dull job in a provincial city. The mission: to rescue a lost party of palaeontologists searching for the remains of a fabled species of dragons. With only a small band of soldiers and one wily Shapeshifter for company, Harpirias must endure blizzards, ice storms, privation and strange beasts. But when they reach their destination, they discover a shockingly barbaric culture. One mistake, one minor violation of custom, and the prince and his retinue will face endless captivity - or endless death!

Complete question bank to crack your .NET interview with real-time examples Key Features 200 dedicated questions on MVC and Angular 100 Questions are given for WPF and WCF Skills 150 Questions are dedicated to data access layer technologies like ADO.NET, EF and LINQ Questions on UML, Design pattern and architecture questions Covers.NET interview SQL Server questions Book also discusses current salary trend for .NET and C# developers so that when you go for an interview you should know what current market rate is ? and you negotiate it fairly. Description Book has been around 10 years in the industry and is the number one chosen friend when a C# developer is looking for a job. So do not look any further. Just pick it up. This book covers more than 1000 real time .NET interview questions ranging across 20 categories like .NET fundamentals, OOP, SQL Server, ADO.NET, MVC6, Angular, JQuery, HTML 5, WPF, WCF and so on. If you are a fresher and you want to learn about .NET, or if you are a teacher and you want to teach what is asked during an interview in .NET, this book is very helpful. Table of Contents 1. Top 50 Technical and Non-Technical Questions 2. Basic .NET Framework 3. OOPS 4. ADO .NET 5. ASP .NET WebForms 6. ASP.NET MVC (Model View Controller) 7. JQuery 8. Angular 9. HTML 5 and CSS 3 10. SQL Server 11. Removing Web Services and WCF 12. WPF 13. LINQ and Entity Framework 14. Design patterns, UML, Estimation and Project management 15. Ajax 16. Reports 17. Threading 18. XML 19. .NET Interoperability 20. Extra's 21. Algorithms 22. Learn .NET and MVC About the Author Shivprasad Koirala is a Microsoft ASP.NET MVP, self-employed and mostly into Microsoft technology corporate training. He is hypnotized with training and teaching. Till now he has taken more than 2000 corporate training, 80 published books written, with more than 1000 articles. His LinkedIn profile: https://in.linkedin.com/in/shivkoirala

"Who Is God?" is a Bible Lesson Series that attempts to help the reader understand the character of God. Many people go through life knowing about God, but not fully knowing and understanding His true character. In these lessons, you will learn some of the names of God as they describe who God is and what He means in our lives.

This classic guide for artists is completely revised and updated to provide an in-depth view of the legal issues facing the visual artist today and provides practical legal guidance for any visual artist involved with creative work. Among the many new topics covered in this comprehensive guide are: detailed coverage of the myriad developments in copyright (including online copyright registration procedures and use of art on the Internet), changes in laws protecting artists in artist-gallery relationships are explained in depth, scope of First Amendment protections for graffiti art and the sale of art in public spaces, detailed as well as new cases dealing with art and privacy; and a model contract for Web site design and much more. The book also covers copyrights, moral rights, contracts, licensing, sales, special risks and protections for art and artists, book publishing, video and multimedia works, leases, taxation, estate planning, museums, collecting, grants, and how to find the best professional advisers and attorneys. In addition, the book suggests basic strategies for negotiation, gives information to help with further action, contains many sample legal forms and contracts, and shows how to locate artists' groups and Volunteer Lawyers for the Arts organizations. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

This key textbook provides a comprehensive and up-to-date account of developments in international communication worldwide. Taking a comparative approach to the major theories of global media, Terry Flew looks at the rise of global media production networks and the emergence of 'media cities', multiculturalism, and the question of a global media culture. This engaging book raises the question of whether we are now in a 'post-global' age, and discusses whether there is a stable global communications order, or instead a stage of increased competition among digital and traditional media, and between the US and emergent powers such as China. Drawing on a wide range of perspectives, and written by a renowned author, this is an essential introduction for undergraduate and postgraduate students of media studies, communication studies and cultural studies, and anyone interested in the study of media and globalization.

Busy people, whether single or married, male or female, employed by a huge corporation or working at home, lead crazy, busy lives. Though many aspire to be healthier and happier, it can be intimidating to figure out how and when to accomplish such goals. Finding Life's Secret Sauce offers common sense and practical suggestions, ones that can fit into a schedule and lifestyle that already exist. This formula for well-being is not about being size zero or building bulging muscles; it's a newly defined, comprehensive approach to wellness: Eating right, Staying Fit and Other "Life" Factors (e.g., social, professional, intellectual, spiritual). Though Finding Life's Secret Sauce doesn't offer short-term guarantees to lose weight, it does suggest constructive ways to feel great - for life.

The papers that comprise this study examine the ongoing state of management reforms in the People's Republic of China. The contributors explain how and why these reforms came about and where they are heading.
