Agriculture is FAO's first flagship publication on the global status of land and water

resources. It is an 'advocacy' report, to be published every three to five years, and targeted at senior level decision makers in agriculture as well as in other sectors. SOLAW is aimed at sensitizing its target audience on the status of

land resources at global
and regional levels and
FAO's viewpoint on
appropriate

recommendations for
policy formulation.

SOLAW focuses on
these key dimensions of
analysis: (i) quantity,
quality of land and
water resources, (ii) the
rate of use and
sustainable management
of these resources in the

context of relevant socio-economic driving factors and concerns, including food security and poverty, and climate change. This is the first time that a global, baseline status report on land and water resources has been made. It is based on several global spatial databases (e.g. land suitability for agriculture, land use and
