[The Case Against Perfection: Ethics in the Age of Genetic ...](#)

Short, to the point, and written in a very accessible style, The Case Against Perfection raises interesting questions about the pursuit of human perfection. Sandel makes his arguments extremely well by suggesting them, identifying possible oppositional arguments and then countering those oppositional arguments in a precise and comprehensive manner.

The Case Against Perfection Quotes Showing 1-2 of 2. ▯Parental love is not contingent on the talents and attributes the child happens to have. We choose our friends and spouses at least partly on the basis of qualities we find attractive. But we do not choose our children. Their qualities are unpredictable, and even the most conscientious parents cannot be held wholly responsible for the kind of child they have.

Because humans are free to choose and the options for perfection are available through genetic engineering, then such perfection could be achieved. Sandel, however, revolts against this notion. He recoils against the pursuit of perfection, specifically those attained by using biotechnology and genetic engineering.
