Jana has lived there since she was a child, and now she's found herself thrust into the middle of angelic politics. Some of them want to torture her, just for the fun of it. Others say they want to protect her. And Rhamiel, a charismatic and powerful angel with one of the few faces that wasn't burnt and scarred by the Fall, is relentlessly pursuing her affections. Life outside can be just as dangerous. Strange things fell with the angels and wander the

countrysides. The roads are filled with Vichies, cringing humans who've thrown their lot in with their oppressors and won't hesitate to take advantage of the weak. But some are still fighting, including William Holt. He leads a small cell of fighters, searching for a way to strike back against the angels without getting themselves killed in the process. And all around, the fallen angels inflict their savageries on the dwindling remains of humanity, enjoying every vice they'd been forbidden during their long centuries of service. The visionary author's masterpiece pulls us along with her Black female hero through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly

through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

From Kevin Brockmeier, one of this generation's most inventive young writers, comes a striking new novel about death, life, and the mysterious place in between. The City is inhabited by those who have departed Earth but are still remembered by the living. They will reside in this afterlife until they are completely forgotten. But

the City is shrinking, and the residents clearing out. Some of the holdouts, like Luka Sims, who produces the City's only newspaper, are wondering what exactly is going on. Others, like Coleman Kinzler, believe it is the beginning of the end. Meanwhile, Laura Byrd is trapped in an Antarctic research station, her supplies are running low, her radio finds only static, and the power is failing. With little choice, Laura sets out across the ice to look for help, but time is running out. Kevin Brockmeier alternates these two storylines to create a lyrical and haunting story

about love, loss and the power of memory.

The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting

two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and

responsibility, a book that the Boston Globe describes as “impossible to put down,” is a stunning examination of how tragedy affects a town, a marriage, and a family.

Several killing incidents occur in different areas in the United States. A certain Major Berkely shoots and kills fourteen soldiers in the army cafeteria in Texas and tries to kill himself. When asked about the incident, he alleges he has no memory of it. Then, in downtown Chicago, a man with a semi-automatic gun kills around eighteen innocent

people in a public library and eventually commits suicide. A unique resemblance is observed from those two killings: the suspects keep repeating the phrases ;kill;em all; at the shootout. Michael Ackerman, an agent who disguises himself as an army psychologist named Kevin Baleman, witnesses how Major Berkely kills himself while in an army hospital. Before his death, Major Berkely utters ;kill;em all; and ;no gun;- two phrases which seem so familiar to Michael. In the ensuing days, Michael will experience other unexplainable deaths and strange dreams that would

confuse him more than ever. But his mounting questions would be answered through his dreams. He would learn of the existence of two after-death places called ;river of wailing; and ;mountain of oblivion,; his true identity, and his rebirth to accomplish a very important mission-to tell the world of the truth behind the 1950 killing.

Short on priests and long on money, they've had to resort to paying bounties to keep things under control. That means looking outside of the faithful, to mercenaries like Cade Crowley. That's not his real name, but then, it never is. A drunk, and a gambler, and a womanizer, Cade's steeped in sin himself, but he has one advantage: the sight. Other religions want in, and they're recruiting bounty hunters of their own. Some have faith, and some just have bills to pay, but all of them want Cade's bounties for themselves. When his friend Allen Harrington's death is ruled a suicide, boy-next-door-cute Kevin Connor - a hustler by trade, sleuth by default - sets out to prove a case of murder. It doesn't help that the victim's grown children, who disapproved of their father's gay lifestyle, are only concerned about their inheritance. But they are not Kevin's only problem. Despite the lack of anything even resembling an

Luckily, Kevin has his handsome best friend, Freddy, on hand to help him try to uncover what really happened to Allen. But Kevin's on his own in figuring out how to get his mother out of his hair and the now-married Tony back into his bed. There's also a small chance that Kevin just might actually be in love with Freddy. Not to mention the demands of his clients, like the stirrups-wielding
