this book shows you how.

Joe Franco presents an organized discussion of this powerful and consistent sound in a method he calls "The Single Stroke System." Focusing on beats, fills, and soloing over the double bass roll, this book provides practical applications that will guide a single bass player into the world of playing two bass drums.

(Technical). This book is a supplement to the first volume of Drum Machine Patterns. In it you will find over 260 rhythm patterns and breaks. These are original patterns that can be programmed easily on any drum machine. This book contains the rhythms most often used in contemporary music, and many patterns incorporate flams, to be used on the latest generation of drum machines.

This comprehensive new method by Mitchell Peters (principal percussionist of the Los Angeles Philharmonic) helps percussionists at any level develop solid skills. The method contains an abundance of essential exercises and etudes for both 2- and 4-mallet technique in two convenient volumes! Covers the grip, stroke, playing position, reading and technical studies, and more!
